Little Rock, Arkansas

To whom it may concern:

I have attached my resume in response to the requested documentation necessary for placement in your internship program. I will receive my bachelor's degree in Web Design in May 2025.

Through my coursework, I have had the opportunity to learn many aspects of Web Design and graphic design. Including the creation of multiple sites with my graphics, and conducting different product tests. Upon the completion of my degree, I will also have a minor in Information Systems. I have learned a great deal through the program here at UALR. I am gaining proficiency in WordPress, CSS, JavaScript, and HTML. I am proficient with the Adobe Suite of products as well.

I am looking forward to an opportunity to learn and grow as a person and professional as I take on this opportunity. I am hard-working and enjoy a collaborative environment. I am especially interested in learning more about the UI/UX environment.

Please feel free to contact me for any additional information. I look forward to hearing from you soon.

Sincerely,

RamseyZain Alhajjaj
